Good Samaritan Fund applications are for those who need a helping hand with their medical bills. In the past five years these applications averaged 15 to 20 a month. Today they average 70 to 90. The same goes for the Bethlehem Fund for expectant mothers and the Cancer Services Fund. The requests are coming in faster than the dollars to support them.

In 2011 what became more common was the unusual or unexpected needs. The kinds of things for which there is no insurance coverage or state/federal aid. Examples include pressure garments for post surgical patients to treat lymphedema, home support aids for the bathroom, and a special mask to screen out particles that made the patient sick. If these requests fit into one of the Patient Service Funds, an application is made and the item can be funded. But when there is no fit there are few options to provide support.

This is why the CoxHealth Foundation is resolved to find solutions to the problem of unfunded medical needs through a new fund called HUG; Help for Uninsured Grants. The fund is being named in honor of former CoxHealth administrator Neil Wortley who had a hug for everyone he met. In the 1950’s, Wortley was known for running down to the corner drug store and picking up a medication that a patient couldn’t afford. His generous spirit of “patient first” is part of the legacy of CoxHealth.

The goal for 2012 is to raise $100,000 to start this fund and have a place to draw from when patients or their health care worker calls. These dollars will be the only known resource of their kind currently in this region. They will empower physicians, nurses and patients with the knowledge that there is hope for the unexpected need to be met where today there is no place else to turn. To make a gift to the HUG fund, use the enclosed envelope or go online to www.coxhealthfoundation.com and pick Wortley HUG Fund from the drop down box on the Donate Now page. Watch for updates on the fund on our website!
In 2011 the CoxHealth Foundation distributed over $1.5 million to meet the medical needs of patients served at Cox South, Cox North, Cox Walnut Lawn, Cox Monett and the centers of excellence including the Turner Center for Women's and Children's Services, Martin Center for Diagnostic Imaging, Hulston Cancer Center, Wheeler Heart and Vascular Center, Meyer Orthopedic Center, Meyer Center and Lipscomb Family Wing ER.

**Patient** funding is any gift made directly for a patient’s immediate health care needs from one of the 32 Patient Service Funds.

**Education** can include education for patients, health care workers or community educational offerings.

**Grants** are those dollars associated with a specific grant gifted to the CoxHealth Foundation for the purpose of improving community health and directed to specific programs within CoxHealth. In 2011 the CoxHealth Foundation had grants for a Safe Cribs program, Dental Oncology, Collaborative Care in rural settings, Medical Explorers and Cox College amongst others.

**Facilities** are those dollars a donor has specifically directed for the purpose of improving or enhancing a current CoxHealth facility or technology. Examples include gifts for a registration kiosk inside the Emergency Department, art work for the Neuro Trauma ICU, computers for the Family Medical Care Center and campaign gifts for each of the centers of excellence.

All donations made to the CoxHealth Foundation may be specified for any of the Patient Service Funds, for the Area of Greatest Need or to a specific service line, facility or program as well as scholarships for any of the educational offerings provided within CoxHealth or Cox College.

In 2011, $199,490.12 was awarded in scholarships to nursing and health science students at Cox College. Awards are made for the fall and spring semesters. In the fall of 2011, an enrollment of 812 students made the scholarship program in high demand. Two new scholarships were added in 2011. These include the Burge Class of 1961 scholarship and the Daphn Sundstrom memorial scholarship for a student pursuing radiography. Named scholarship funds can be established by calling the CoxHealth Foundation at 269-7109.

Your gift touches lives daily. Thank you for your support!
The CoxHealth Foundation currently holds 34 separate funds that primarily benefit patients of CoxHealth for those things that are not covered by insurance or any other form of aid. Additionally funds have been established for staff and community education, employee crisis support and facilities and technologies. In 2011 Ferrell-Duncan Clinic physicians and administrators established the Ferrell-Duncan Clinic Fund to provide support to employees in their pursuit of education that enhances their field and patient care. You can find more information on any of the funds or Cox College Scholarships at www.coxhealthfoundation.com under the tab Catalog of Funds. To establish a new fund contact Lisa Alexander at 269-7109.

### Catalog of Funds

- Auxiliary Fund
- ADE Fund
- Bethlehem Fund
- Breast Care Fund
- Special Chaplain’s Fund
- Complementary & Alternative Medicine Endowment/Jane A. Meyer Endowment
- Cox Family Assistance Fund

- Family Medicine Residency Educational Enhancement Fund
- Ferrell-Duncan Clinic Fund
- Good Samaritan Fund
- Hannah’s Hope–Rosh Jenkins Memorial Fund
- Parkinson’s Fund
- Rehabilitation Fund
- Senior Services Fund
- Women’s Center Fund
- Cox Monett Fund
- Martin Center Fund
- Interventional Radiology Fund
- Lab Fund
- Pharmacy Fund
- Oxford HealthCare Hospice Fund
- Lifeline Fund
- Ozarks Dialysis Fund
- Turner Center Fund
- Joyce Schwanst Library Fund
- Ozarks Endowment for the Neurosciences
- Cancer Services Fund
- Glauser Oncology Fund
- Colorectal Cancer Prevention Fund
- Allenbrand Endowment Fund
- Wheeler Heart and Vascular Center/Cardiology Fund
- Stroke Fund
- Nursing Practice and Excellence Fund

### Employee Giving

**CoxHealth’s best ambassadors are its employees.**

On a daily basis these dedicated health care professionals are focused on service, safety and compassion to those in their care. Understanding that their patients often have needs beyond the bedside, CoxHealth employees are also some of the largest contributors to the Patient Service Funds. The employee giving program is called the Patron Circle. In 2011 nearly half of all eligible CoxHealth employees donated to one of the 34 funds for a total of $267,965.99.

The generosity however extends beyond CoxHealth into the community it serves. Following the Joplin F5 tornado, the CoxHealth Foundation organized a collection drive for toiletries, bedding, dog food, towels, cleaning supplies and more. CoxHealth employees responded and three trailer trucks were filled and sent to our neighbors recovering from this unimaginable disaster. CoxHealth had provided an immediate response of medical staff the night of the tornado and followed up with this outpouring of kindness.
Area of Greatest Need

Donors who direct their gifts to the Area of Greatest Need allow the CoxHealth Foundation to have resources available when a critical need arises for patients, staff or the community. In 2011 following a nationwide surge of violence in public places, a need was identified within the health system’s security department. Officers provide their own equipment and one item they did not have was bullet proof vests. If an incident were to occur at CoxHealth, the security officers would be the first line of defense. Protecting them means protecting our patients, staff and visitors. The CoxHealth Foundation purchased bullet proof vests for every officer to ensure the highest standards of safety are in place everywhere at CoxHealth.

To Honor and Remember

When making a memorial gift, many donors want to know their donation had a lasting effect, providing a legacy for their loved one. Memorial donations to the CoxHealth Foundation have helped to maintain the Healing Garden at the Hulston Cancer Center, provided wigs for cancer patients, created scholarships for nursing students and new chairs for dialysis patients to enhance their comfort during the long hours spent sitting during treatment. This is just a few of the ways memorial gifts directed to health care can have an impact. In 2011, 548 memorial gifts were received totaling $73,294.34.

Giving a Gift-In-Kind

In 2011 the CoxHealth Foundation introduced a new program called “Cars for Charity.” This allows a donor to donate a car, truck, RV or even a boat with all proceeds coming back to the Foundation. This turnkey approach offers a service to the donor in towing the vehicle away and providing the tax receipt on the spot. A clear title is all that’s required. Donors are finding this a great way to make a gift and remove the burden of an unwanted vehicle. Since the program began, 10 vehicles have been sold or are in the process of being auctioned. To donate a vehicle call 1-800-274-5909.

Your gift touches lives daily.   Thank you for your support!
Do you enjoy pulling on a pair of cowboy boots? Or are sneakers more your style? Are you a golfer, a runner or is softball your favorite sport? Whatever is to your liking, the CoxHealth Foundation may have a fit. Special events are an important part of the Foundation’s overall fundraising program. Each event is designed with the goal of exercising your body, brain or both while benefiting one of our important patient funds or patient programs! In 2011, $231,420.23 was raised from ten special events spread throughout the course of the year. Each month you will find the upcoming ways to join in on the fun on the home page of our website: www.coxhealthfoundation.com. You can register online or look for an invitation in the mail if you’ve attended in the past. It’s not too late to be a part of some great events in 2012 where you’ll make new friends as you enjoy the good things that come from being a CoxHealth Foundation supporter.

Special Events provide great “Friend-raising” and Fundraising in 2011

Save the Date

May 12th CoxHealth Softball Tournament: Killian Sports Complex. Call 269-7150 for more information.

June 1-2nd Oxford Healthcare Fan Drive: Donate a fan at any Oxford HealthCare location.

June 30th ONE Fiesta- Ozarks Neurosciences Endowment dinner- Tuscan, $500 a table. Call 269-7150 for more information on this Mexican themed dinner event.

July 20-21st “Girls Just Wanna Run” Expo and 5k Run/Walk. Women of all ages are invited. Expo is Friday at the Meyer Center from 2-7 PM. The race takes place Saturday the 21st at Phelps Grove Park starting at 7:30 AM. Registration is $20 online at www.coxhealthfoundation.com or at the Meyer Center. All proceeds benefit scholarships for wellness. Sponsored by Rick’s Automotive.

August 2nd “Red Hot Night” at Zan Downtown. Ladies come and be pampered at this “ladies only” night out. Included in your $35 registration is food, wine tasting, chair massage, hair, makeup and lots of other treats. Register online at www.coxhealthfoundation.com. Sponsored by Grove Pharmacy and Spa. Proceeds benefit the Good Samaritan Fund which helps with hospital bills.

September 9-10th Julian ALS Foundation Golf Tournament and Auction benefiting CoxHealth Foundation. All are welcome at the dinner and auction at LedgeStone Country Club in Branson from 4-9 PM on the 9th, followed by the golf tourney on the 10th. This is a 4 person Pro-Am. Call 269-7150 for more information.

September 24th “Boys Against Breast Cancer” and “Ozarks Women’s Links” golf tournaments at Millwood. Gentlemen play in the morning, ladies in the afternoon in the best tourneys in town. $600 for a team of four. All proceeds go to the Breast Care Fund for breast cancer patients. Call 269-7150 to register or sponsor the event.

November 8th Breast Care Fund Auction 7 AM- 2:30 PM Foster Auditorium at Cox South Hospital. Over 300 items donated by local businesses to benefit the Breast Care Fund. Bid high, bid often! Call 269-7150 to donate an item.

December 8th “Snowball” come dance the night away at the Howard Johnson’s Ballroom! There will be refreshments, photos and an auction. All proceeds benefit the Oxford HealthCare Hospice Fund. Call 269-7150 for more information.
The CoxHealth Foundation has a grants program that helps to research, write and secure grant funding for all areas of CoxHealth. These are some of the grants received in 2011:

**Darr Family Foundation:** The Safe Cribs Project of the Ozarks provides cribs for at-risk children so they have a safe sleep environment. The CoxHealth Foundation manages the program and to date over 800 cribs have been distributed. The Darr Foundation assisted in keeping the program alive in 2011 with their gift.

**Children’s Trust Fund:** The Circle of Care project teaches caregivers how to comfort their newborn and bond with them in an effort to reduce child abuse and neglect. This is run out of the Acute Care Therapy Department at Cox South. CTF has funded this program since its inception.

**Ozarks Health Advocacy Foundation (OHAF):** With the help of OHAF, CoxHealth was able to provide dental services to help those receiving cancer treatment avoid complications with their teeth. Funding also provided specialized training for nurses working with sexual assault victims in order to offer special care during a traumatic time.

**Cardinal Health Care Foundation:** Funding from Cardinal Health Care Foundation enabled CoxHealth to remain on the cutting edge of infection control practices.

**Smith Glynn Callaway Medical Foundation Fund:** A grant from Smith Glynn Callaway helped nursing students pay for their tuition expenses through scholarships.

**Musgrave Foundation:** The Musgrave Foundation has been a partner with CoxHealth in helping nursing students who attend Cox College. This funding provided for scholarship assistance.

**Missouri Department of Higher Education (MDHE):** MDHE provided funding in 2011 for Cox College. Grants awarded were to help nursing students through the financial aid process and provide additional training benefits to the educational program.

**US Department of Health and Human Services:** The Health Resources and Services Administration (HRSA) granted funds to Cox College to provide scholarship monies to students in need of assistance.

**Greene County Senior Citizen’s Services Fund:** (GCSCSF) Funding through GCSCSF provides 24-hour home monitoring service through Oxford HealthCare’s Lifeline program. This grant supports seniors in Greene County to stay safely in their homes thanks to this emergency assistance gift.
In a fluctuating economy nursing and health science careers continue to provide a lot of opportunity and availability in the local and national market. Cox College has grown its programs to meet the demand. Students can now receive an ASN, BSN, BSN-accelerated for those who already hold a college degree or masters in nursing with specialties as a Clinical Nurse Leader, Nurse Educator or as a Family Nurse Practitioner. Health Sciences include a bachelor's in Diagnostic Imaging, a Dietetics Internship, Medical Assisting, Billing and Coding and programs in Radiography and Transcription. Of the more than 800 students now attending Cox College, a greater percent each year is requiring financial aid to attend. This is where the CoxHealth Foundation plays an important role.

In 2011 an annual appeal was waged to seek support from Burge and Cox College alumni for the next generation of graduates. Scholarships generated from alumni, community and friends of the College now number 46 for nursing and 4 for health sciences. As federal aid disappears and loan dollars are harder to come by, scholarships remain one source that students count on to help them achieve their education. All students must complete an application, submit two references, an essay and their cumulative GPA. Approximately one third of applicants are awarded scholarships, making this a priority area for the CoxHealth Foundation to find additional funding for coming years. The Burge Class of 1961 and the family of Daphn Sundstrom added the two newest scholarships to the roster in 2011.

Coming in 2012—a study abroad program at Mercy Hospital in Calcutta, India. Dr. Anne Brett, president of Cox College and Dean Tricia Wagner visited in 2011 to help develop the program for students. Mercy is a 173 bed hospital founded in 1953 by Assemblies of God missionaries Mark and Huldah Buntain, whose daughter is a Burge graduate! Each year this hospital treats over 100,000 patients, nearly half for free. The extreme poverty of the region and the limitations of equipment and facilities will help our students to use and develop skill sets that they wouldn't otherwise experience in their normal course of training. Cox College hopes to send the first group in Fall of 2012 as an extension of the BSN program.

For information on how to help support a scholarship for global studies contact the Foundation at 269-7109.

The mission of the CoxHealth Foundation is to facilitate through philanthropy the quality health care, education and research provided by CoxHealth.

Kim Julian joins the Jeff Julian ALS Golf Tournament committee at LedgeStone to raise funds for ALS patients and research in the Ozarks. The tourney is named for her late husband, a PGA golfer who lost his battle with the disease.
“Dining for Diabetes” went western in 2011 as community volunteers rallied to raise funds for diabetes patients in Barry and Lawrence counties.
