“Breast cancer rates have continued to decline in the past decade. Much of that success is because breast cancer is being detected at an earlier, more treatable stage. Mammography is the key to early detection. I strongly encourage ALL women 40 and older to have annual mammograms. ‘Best Protection is early detection.’”

Susan Smith

Director, Breast Care Clinic

Help US FIGHT CANCER!

“Prostate cancer continues to be one of the most common types of cancer in men, and is the second leading cause of cancer related deaths in American men. Early detection and comprehensive multi-specialty approach are key for better outcomes. CoxHealth offers a wide range of state-of-the-art options for prostate cancer.”

Abe Abdalla, MD

Medical Director, Oncology Services
and Radiation Oncology, FDC
