Interested in including a charity in your plan? Contact the CoxHealth Foundation at 417/269-7150 for more information on how we can help you Have A Plan.

Where do you keep all your documents? Let someone you want to be responsible for you in case of a life changing event know where to find your important documents. Put this person's name and contact information on tab #1.

Put these documents together: Will, Trust or Estate Plan, Power of Attorney, Durable Health-Care Power of Attorney, Do Not Resuscitate if so desired.

Keep all your financial information together. Include in this your home, land and cemetery plot deeds. Escrow mortgage accounts. Proof of loans made and paid. Vehicle titles. Stocks and bonds, brokerage and retirement/pension/IRA /401K or 403B accounts. Don’t forget your tax returns and life insurance policies. Have a list of all bank accounts with the list of user names and passwords. Rental or other forms of property ownership documents. Safe deposit box information.

It's important to keep a record of your personal and family medical history. In this tab an authorization to release health care information could be helpful as well as a living will.

Assign someone to your social media pages so they may be deleted if necessary. Include passwords and security answers.

Do you Have a Plan? Are you prepared if something happens to you? Put together a portfolio of the things that will help put your life in order.

Who? Tell Someone. Who?

The Big 5. What’s Mine.

My Health. All that is Social.
