

We are in this together.

And together we will overcome.

CoxHealth employees are on the front lines of the Covid-19 crisis. If an area of the health system is shut down, we are working to repurpose them to support other areas. We are in this together. As an organization we recognize there is fear and concern over this relative unknown, but the CoxHealth team is acting in a unified effort to ensure the safety of our employees, patients and community as a whole. As each day unfolds, new situations and stories of sacrifice from our team are being told.

To support our front line team, a new resource for our employees has been created to thank them for their dedication and selfless acts during this crisis. The CoxHealth Employee Heroes Fund has been established with two gifts; \$1 million approved by CoxHealth Board Chairman Chuck Chalender, and a \$100,000 personal gift from our president and CEO, Steve Edwards, his wife Jennifer and family. These dollars will be used to assist employees in offsetting the situations created by their time and service during the Covid-19 pandemic.

If you would like to support our CoxHealth employees, who risk their own health to give healthcare for others in need, join us by donating to the CoxHealth Heroes Fund.

CoxHealth Employee (COVID-19) Heroes Fund

Yes, I would like to contribute to this fund.
